

PHS PTSA Project Graduation

Class of 2012 Committee

pthprojectgrad@aol.com

To the Business and Community Leaders of Parsippany-Troy Hills:

Thank you for your past support which has helped to keep Parsippany High School graduates safely celebrating for over 20 years. It is well known among law enforcement that community programs such as Project Graduation, have helped to significantly reduce alcohol related crashes involving our youth. Community programs in Parsippany-Troy Hills, which include Project Graduation and DARE, would not be possible without your generosity.

The planning for this year's substance free graduation party is well under way. The all-night celebration includes gifts, professional entertainment, food, T-shirts, prizes, and other activities at a rented facility. However the most important factor in the planning process is that the graduates will be supervised the entire evening to ensure a safe and festive environment.

You are an essential part of our event. Here is why we need you more than ever. . Because of the success of the program and other factors, the aggregate costs have also increased. We are hoping many new community supporters will realize the value of this program, so it may continue as a successful vehicle for safety among our youth. So please consider the event's impact, and if you have the ability to help us in any way, please do. We are grateful for every donation whether it is a financial contribution, food or small items for the graduate gift bags such as pencils, Frisbees, candy or other business promotion item.

We sincerely appreciate you and would like to publicly thank you. Contributors making donations before May 15th will be acknowledged at both Parsippany High School graduation ceremonies and in the *Daily Record*. If you have any questions, please send them to us via the email address noted above.

Please make checks payable to:

PHS PTSA PROJECT GRADUATION
